

COVID-19 Update – A special message from the Principal for Parents and Caregivers

16 March 2020

Dear Parents and Caregivers

I am writing to further update you on the changing situation in response to COVID-19 and how our Foxwell State Secondary College community will approach this.

Mass Gatherings

As you would be aware, the Australian Government has announced that all organised, **non-essential mass gatherings attended by more than 500 people** must be cancelled from Monday 16 March 2020.

While the announcement was very clear this does not apply to schools, and that there is no need for mass school closures, it does include activities such as school fetes, fairs, concerts and the like where they involve more than 500 people. We will keep you updated daily on events that our students are expecting to attend, including sports, cultural, and any curricular and extra-curricular offerings.

Our school is in the process of reviewing our forward activity schedule and will postpone our participation in any activities that meet this criteria until further notice. In relation to our school events, we only have 196 students and 40 staff at our school, so will not need to change our daily routines and procedures at this point in time.

As our response to COVID-19 is all about containment, I continue to ask all families to pay extra attention to health and hygiene measures employed at home with your children, particularly the use of soap and, if soap is not available, hand sanitiser. You can be assured we are reinforcing this message at school.

These directions are all about supporting a national effort to contain and slow the spread of COVID-19. Each one of us, and our school, play a vital role in this effort and I ask for your continued support in this containment effort. Students and staff must not attend school if they are unwell.

International Travel

I also draw your attention to the Australian Government's announcement that all people arriving in Australia must now self-isolate for 14 days on their arrival back to Australia. The Department of Education banned all staff and student international school travel last week – this ban now also includes any travel to New Zealand.

Continuity of Teaching and Learning

As the COVID-19 situation evolves, our school continues to prepare for continuity of learning and teaching.

The Department of Education has many resources available to us and our teachers will seek to minimise any disruption to student learning should our school be impacted by the virus.

Our staff are prepared to be able to communicate daily with our students via digital means should this become necessary. We ask that all students have set up their SeeSaw account and regularly check SharePoint as these will be our predominant method of communication. An information sheet will be distributed today to ensure all families have detailed instructions.

If parents are choosing to keep their child home before the Department of Education makes the decision to close all (or our) school, our teachers will not be committing to daily communication with your child, as their focus and duty of care must remain on the students in front of them. Students could continue with work assigned to all students via our eLearning platform under the direction and supervision of a parent or guardian, but no direct instruction will come from the teacher or staff at this time.

Please ensure you have put plans in to place to prepare for the possibility of your child being at home for weeks by ensuring appropriate supervision.

Ongoing Planning

As we have already seen across the world, this situation is likely to continue for some time and is evolving. As such, as a school and as a community, we must all prepare over the short, medium and long term.

I ask that you continue to take all necessary local actions to support your child's, and the school's, health and hygiene and act in a protective and preventative manner to help limit the spread of coronavirus.

I will continue to provide communication as Australia's response to COVID-19 evolves. Thank you for your vigilance in helping us manage this public health issue.

Kind regards

Foxwell State Secondary College
