### Who is Chappy JP?

My name is Chappy JP or **JP**. My role is the school chaplain which involves social, emotional, spiritual and pastoral care. What that looks like at Foxwell State Secondary College is a **caring, listening ear** for the teachers, students and wider school community that will be an **extra support**. I am here to help with whatever needs may arise, supporting in **such areas as** support during **grief and loss**, social and emotional support and **friendship building**, family break downs and separations, **bully**, educational support or where ever I can be of assistance. I have been a chaplain here for over 13 years and have a background with local youth, drug and alcohol recovery programs and community programs for 20 years; I have a diploma of youth work, under graduate university degree in Design Studies 3D design major, and post graduate degree in Education (Tech. studies, Arts). Throughout these years, my main passion has been about **supporting the community** and continues to be so.

I have a wife with **5 kids** ranging from 22 to 2 years old which keeps me busy and I love the roles in life that I have. I enjoy anything sport, music, food, art, design and creativity and helping people succeed in whatever they are passionate about, I look forward to this next adventure at **Foxwell State Secondary College**.

### So what's being planned for this term?

#### Getting to know you?

As I am new to the school I'll be getting to know the school, the way things are done but most importantly getting to know our community, staff, students and parents and helping out where I can.

### Where can you find me?

I'm in the school every **THURSDAY**. Around the **school grounds**, in the **Learning Hub** etc.

### Get Involved, can you answer these (get to know you) Question?

1. If I were cranking 90's what would I be doing? What game would I be playing?
2. What day is 'RUOK' day in 2022? What is the day about?
3. Who is the only player to have won 4 NBA Championship in a row (hint: Not LeBron James)? What position did he play?

### Scan Me to organise to catch up!
