

How to delete a VPN from an iPad

1. Open the Settings app on your iPad
2. Toggle the 'VPN' Switch to OFF if the VPN you want to delete is not already disabled
3. Go to 'General' and then tap on 'VPN'

4. Locate the VPN profile you want to remove and tap the (i) button.

5. Tap 'Delete VPN'

6. Confirm that you want to delete the VPN to remove it from the iPad.
