

Dear parents and carers

As you are aware our community is experiencing flooding in our local area.

I hope that everyone remains safe and acknowledge that this is a difficult time for many of us. Families are encouraged to tune-in to local media, monitor weather conditions, heed the warnings and follow instructions from emergency services.

Especially now - Remember, "If it's flooded, forget it".

Even though the effects of this weather event have begun to ease, the impact on our school means that **we are unable to reopen tomorrow, 1 March.**

While we are devastated to be unable to reopen our school, continuity of learning is a high priority for us and alternative arrangements have been made to enable your child to continue participating in our learning program. The following arrangements will apply for students:

- Students can continue with their unit based work, including revision, reading of texts, and/or preparation for upcoming assessment tasks.

In addition, parents can access a range of online learning tools and resources from the [learning@home](#) website.

If you have any concerns or require additional support, please contact the school administration at admin@foxwellssc.eq.edu.au.

Please be aware that absences due to emergencies and natural disasters will not be recorded on a student's report card.

Please regularly check the school closures website <https://closures.qld.edu.au>. This site will be updated on a daily basis.

We will continue to provide information to families, via our Schoolzine Bulletins and the Foxwell State Secondary College Facebook page as it becomes available. There are also many excellent resources on the Queensland Government [Get Ready Queensland](#) website that serve as a checklist for our homes, travel arrangements and our personal safety.

Thank you for your ongoing support and please stay safe.

Kind regards

Mrs Kym Amor

Principal

Foxwell State Secondary College
