

Navigating the Foxwell State Secondary School & Route bus services

✓ **Tips & Tricks**

- **Memorise your Route number!** Buses may arrive at school in a different order each day due to traffic conditions. Route numbers are displayed at the top of the bus, side of the bus and in the front window of the bus (if a designated school bus).
- The 726 Route bus departing Coomera Station always has a 'layover' at Coleman Rd before it's return journey so essential to get off at the stop opposite the School on it's way to Coleman Rd. **Do not remain on this bus for its return service. It may mean you will be late for school.**
- If you live in the Ragamuffin/Coomera Waters area – there are two options in the afternoon. Hop on the 3361, usually crowded and departs the school side at 3:13pm or opposite the school at 3:21pm (traffic permitting) or catch the less crowded 3431-departs school side at 3.33pm. It may well get you home at the same time or earlier than the 3361 due to the ongoing roadworks in Foxwell Rd. ***Try it and see if it works for you.*** **Note:** there is no supervision at the school bus stop at 3.33pm.
- Store your school bags under your seat, on your lap or in the luggage rack to allow extra space for those standing.
- **Always** push the  'stop bell', in advance, to alert the driver to your pending stop. **Never assume they know!**
- Please be respectful to the driver and listen to their instructions. They are there to get you to and from school **safely**.
- ***Never walk in front of or behind a bus*** until it has pulled away from the curb. *Traffic cannot see you.*
- When waiting for the bus, stand well back from the curb! The front wheels of a bus are well behind the front of the bus and, in order to get as close to the pavement as possible, they will invariably need the front to overhang the curb as its pulling in.

Thank you for catching the bus. It's helping the planet by reducing traffic movements, eases congestion at peak hour and makes you more active.

Win! Win! Win!
