

# Welcome to the Transition to Work program

Congratulations on taking this step to join us in the program.  
It's great to have you aboard!

## About the program

Transition to Work is the Australian Government's flagship program for young people aged between 15 and 24. It is designed to help you navigate the transition from school into a career. This is a journey that's exciting, unpredictable and challenging, and we'll be there by your side.

## About us

MEGT has 40 years' experience running apprenticeship, training, and employment services across Australia. We have the experience, commitment and passion to help young people into fulfilling careers.

## About you

We have matched you to a Youth Coach who will meet you and introduce you to our program.

Your Youth Coach will invest time in you. They will work with you side-by-side in a supportive, non-judgemental way. They will learn about you, your unique interests and strengths and, with you, co-design your education or career plan. Your Youth Coach will stick with you every step of the way to help you get where you want to be.

### Your plans might include:

- Return to education
- Enrolling in a skills-based course with TAFE or another Registered Training Organisation (RTO)
- Starting a traineeship or apprenticeship
- Exploring work experience or an internship to get you into workplaces and show employers firsthand what you have to offer
- Getting straight into a job
